

500 Series 316 SS Hytrol 100-44 and 100-46

Installing two-part flange

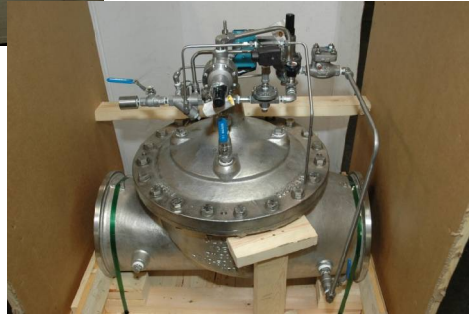

Two-Piece Flange Design

- Easy Conversion from 150 Class to 300 Class
- Four identical half-flanges for each valve
- 316 Stainless Steel

Look for Flange Halves shipped with valve

Two Half-Flanges Held Captive

- Flange studs and bolts hold valve flanges in place
- Textured side faces away from valve
- Smooth side faces toward valve
