Cash Valve

Cash Valve provides highly engineered pressure regulating and back pressure valves for steam, air/gas, cryogenic, and liquid applications. Pressure reductions include initial inlets of 720 psi and reductions from 1 to 400 psi. Products range in size from 1/8" - 2" for threaded NPT connections up through 6" for flanged configurations. Temperatures range from cryogenic up through 800° F. and materials can be iron, brass, bronze, carbon, and stainless steel depending on your application.

Cash Acme offers water control valves that stand the test of time. Built in America for more than 100 years, Cash Acme specializes in pressure, thermostatic, and temperature control valves designed to safeguard water systems in all types of facilities.

Through a robust range of potable and non-potable water plumbing products, Cash Acme continues to be an industry trendsetter with unique water control solutions for residential, commercial, and industrial plumbing applications.

M&M Control offers a full line of [Cash Valve](#) & [Cash Acme](#) products.

Thank you for trusting us with your business needs. *Call us today for help with your application!*
