

May 2022 Featured Manufacturer - Warren Controls

Rugged. Dependable. Innovative. Precise.

About Warren Controls: Warren Controls has manufactured precision control valves for over 60 years. Industries served include HVAC and Building Automation Control, commercial buildings, food & beverage, district & campus energy, AG processing, chemical, biofuel, OEM skid builders, and general manufacturing. With its extensive product development and target marketing, Warren continues to set the bar on new and innovative fluid control products.

ARIA & ILEA Series Electrically Actuated Control Valves

The Warren Controls **ARIA Series** linear-electric, fast-modulating, fail-safe actuators are electrically actuated control valves for commercial and industrial heat-exchanger and water-heater applications

ILEA actuators are the ideal electric actuation platform for Warren's modulating globe control valves. The ILEA Series can withstand ambient temperatures to 158°F and travel speeds as fast as 5.5 seconds/inch.
